

New Members of Sligo County Libraries

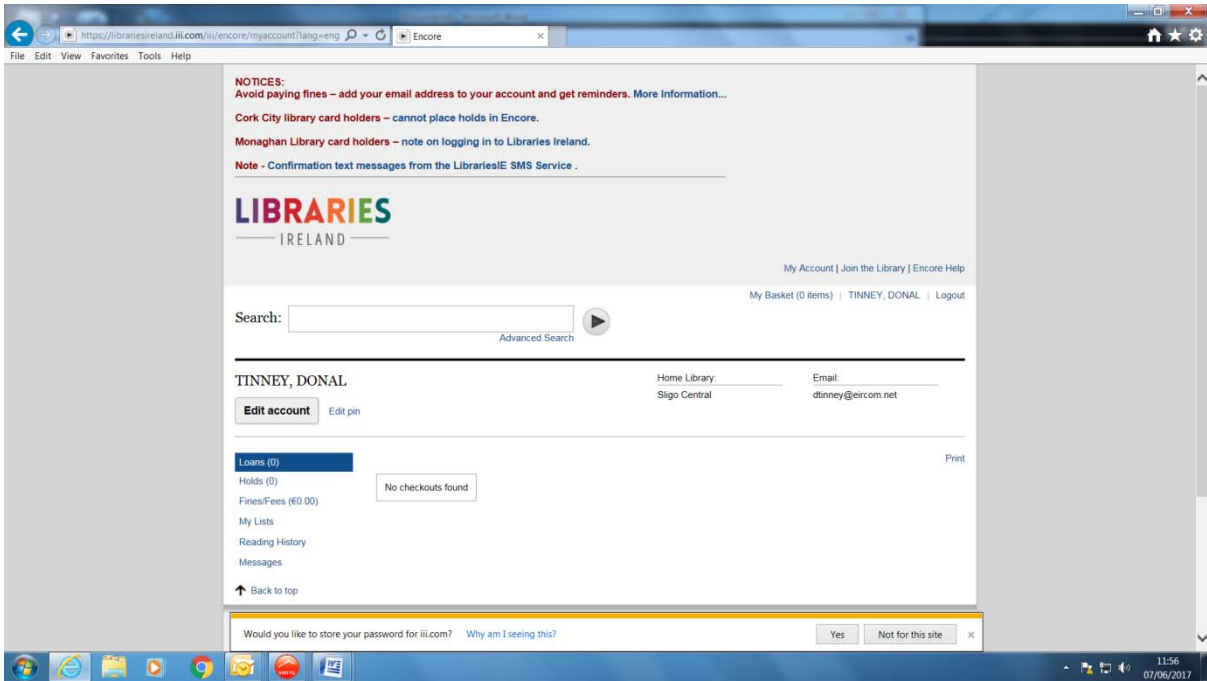

If you have supplied a mobile phone number on joining you need to enable that phone number to receive text messages regarding overdue books etc.

You can do this by logging on to www.sligolibrary.ie and then clicking on **Review my account**
You will then be taken to the Libraries Ireland website

Here you need to insert your library membership number (on the back of your library card underneath the barcode) and the pin number given to you by the staff when you joined.

A new screen now opens and please click on **Edit my account**.

You can update your email address in the box below. If you need to change your postal address you need to call into a library with proof of your new address and the staff will change it for you.

You can now enter your mobile phone number in the format 08..... Please ensure that you have entered the number correctly.

If any family member has used the mobile phone number already, to receive library messages, you will not be allowed to opt in. Sierra, the Library management system, will only allow a mobile phone number to be used for one account only.
