Sense-Ability

Ballymote Community Library

This is what I will see when I approach the main entrance of Ballymote Community Library. I can enter through the door & see the staff desk slightly to the left in front of me.

Reception/Staff Desk

I can go to the desk and ask the staff member on duty there for any help or assistance needed.

Library Cards

I get to choose what library card design I would like when joining the Library! I need to bring ID and address details with me.

Sense-Ability Card

A Sense-Ability Library Card, which allows me access to the Sensory collection, is also available.

I need to ask one of the staff at the desk for more information about this service.

Sense-Ability Catalogue

If I sign up for a Sense-Ability Library Card, I can search for what items are available by using the Sense-Ability Catalogue.

I can search the physical catalogue, available in the library, OR I can log onto the Sligo Library website and look at the collection catalogue online.

Sensory Area

There is also our dedicated Sensory Room that can be utilised if requested from a staff member in advance.

Seating Area

I can sit in an area opposite the Juvenile Library where there is comfortable seating and fidgets are available for me to use if need be. I can also sit in the Juvenile Library if desired.

Toilet Facilities

I can walk past the staff desk towards the rear of the library & I will see a door directly on front of me marked with a LEITHRIS/TOILETS sign.

There is a hand dryer on the wall, which is noisy, I do not have to use this.
